

			Masterclasses	Planning	Case Study	Sustainability	Architecture	Specials
Sunday	13:30-17:30 hrs.	Registration opens						
	13:30-17:00 hrs. 17:00-19:00 hrs.	Facility tours Architectural Tour of Rotterdam by bike (guided)						
Monday	7:30-9:30 hrs.	Early morning registration						
	9:40-10:00 hrs.	European Healthcare; Challenges and Solutions (Nata Menabe)						
	10:00-10:30 hrs.	Present and Future Sustainable Healthcare (Ton Verhoeven)						
	10:30-11:00 hrs.	Service to Capital translation in Healthcare (Martin McKee)						
	11:00-12:00 hrs.		Pathways to Design (Barrie Dowdeswell)	Quality management of hospital real estate in a changing context (Zwart, van der Voort)	Private patient rooms -helping the patient heal within a staff efficient ward-design (van Heel, Schols)	Sustainable healthcare infrastructure. More than just green (Becker)	Critical Care Design: The Winners and Future Trends, An Investigative Study (Cadenhead)	Masterclass Berlage
	12:00-13:30 hrs. 13:30-14:30 hrs.	Lunch break

More than just green (Becker)	Critical Care Design: The Winners and Future Trends, An Investigative Study (Cadenhead)	Masterclass Berlage
	14:30-15:30 hrs.		Dutch Healthcare Architecture, part 1 (Wagenaar, Jaspers and others)	Diagnosis related strategies for hospital planning and operation (Lennertz, Diez)	Surviving or Thriving? How to maintain operations while under construction (MacDougall, Tagi)	Comparative Healthcare Sustainability, North America, the UK and Europe, part 1 (Pradinuk et al)	Competing views on Finnish healthcare buildings- and how they got on (Kjisiik)	
15:30-16:00 hrs. 16:00-17:00 hrs.	Tea break							
		Dutch Healthcare Architecture, part 2 (Wagenaar, Jaspers and others)	Diagnosis related strategies for hospital planning and operation (Lennertz, Diez)	Surviving or Thriving? How to maintain operations while under construction (MacDougall, Tagi)	Comparative Healthcare Sustainability, North America, the UK and Europe, part 2 (Pradinuk et al)	Competing views on Finnish healthcare buildings- and how they got on (Kjisiik)		
18:00-20:00 hrs.	Opening Reception and Book presentation: Dutch Healthcare Architecture (Kunsthal)							
Tuesday	9:00-9:30 hrs.	Design & Research (Kirk Hamilton)						
	9:30-10:00 hrs.	Design & Maintain (Steve Drinkrow)						
	10:00-10:30 hrs.	Relationship of the well-being of humans in connection with the built environment (Thomas Rau)						
	10:30-11:00 hrs. 11:00-12:00 hrs.	Coffee break						
			Sustainable hospitals -a German approach (Kunibert Lennertz)	Financing and Development of Outpatient Facilities - Viable Future Strategy and Function in Today's World (Reisenbichler, Bowers)	Patient flows, hospital's bed planning and strategic procurement - key drivers of University Hospitals modernization in Serbia (Jekic)	The drive for sustainability in the design and operation of healthcare facility (Buckingham, Cadenhead)	People centric healthcare experience design research & innovation (Stuyfzand)	
	12:00-13:30 hrs. 13:30-14:30 hrs.	Lunch break
